

CATV Power Supply

Features:

- ✦ The CATV power supply is designed to protect from thunder, automatic protection for short circuit, automatic reset, and low noise.
- ✦ Suitable for both indoor and outdoor use in the area with unstable voltage.
- ✦ Magnetic saturation consistent output voltage.
- ✦ Oil seal capacitor, with high reliability, long life.
- ✦ Special lock input cord is of good insulation, and waterproof result.
- ✦ 60V output cord use international standard 5/8 connector, with good general characteristics, high capability for current pass. easy to install and maintain.
- ✦ The CATV power supply can be installed on wall or pole.

Specifications:

Item	Specification
Rating input voltage	220V AC
Input voltage range	(176~264)V
Input frequency	50Hz
Output voltage	60V±3%
Output current	4A 6A 10A 15A
Capability for output over load	50%
Efficiency	85%~91%(at rating operation)
Active instant respond range	Output voltage variation less than ±5% rating voltage at load varies 0~100% or 100%~0
Noise figure	<50dB
Operating temperature	(-40~+70)
Max. input voltage	300V AC (one hour)
Dimensions	(295mmX150mmX160mm)
Weight	>9.6Kgs
